Printer and Publisher—JOHN WALKER.
Dublin Agent—Mr. Gray.

THE POOR OF IRELAND.

At a recent Meeting of the Board of Directors of the
Central Irish Tea Company (Limited), it was resolved—
1st.—That Charitable Institutions and parties purchasing
Tea for gratuitous distribution amongst the poor, be
supplied with the broken portion of the Teapack Tea, at
2s. per lb.
2nd.—That the secretary be instructed to insert an ad-
vertisement to this effect in the *General Advertiser*, and in
the various Dublin daily journals.
Resolutions to be made by P.O. Order, payable to the
Secretary.

By order
JOSEPH COLCLOUGH,
Secretary.
Company's Board Room,
18, North Earl-street, Dublin,
1st March, 1864.

NOTICE.

R. A. WALKER,

FOREMAN AND MANAGER FOR FIFTEEN

YEARS TO THE LATE

W. M. THOMPSON,

Of Dame-street,
CUTLER TO THE QUEEN, AND SURGICAL INSTRUMENT

Begs respectfully to inform his friends—the customers
of the late Wm. Thompson—and the public, that his
connection with the Old Establishment having entirely
ceased, those who are desirous of obtaining the same class
goods, and the same superior workmanship, which have
been so much satisfaction during the above long period,
will have to leave their orders at the recently opened Es-
tablishment,

18, NASSAU-STREET,
where will be found everything in the Cutlery and Sur-
gical Instrument line, of the newest construction and of
first-class quality.

PLEASE OBSERVE.
R. A. WALKER,

16, WEST-STREET, DROGHEDA.

March 5th, 1864.

GRASS SEEDS, FOR LAYING DOWN LAND TO PERMANENT PASTURE OR MEADOW.

The Mixture consists of Pacey's Perennial and Italian Ryegrass, Cockfoot, Meadow, Hard and Sheep's Fescue,
Meadow Foxtail, Timothy Grass, Meadow Grass, White Clover, Alyce Clover, and American Cow-grass, &c.,
in proportionate quantities to suit the nature of the soil to be sown; our aim being to imitate, as near as possible,
the selection composing the fine old pastures of Meath, Roscommon, &c. We would particularly recommend a trial
of the Mixture in preference to the compound as much resorted to, called Hay Seeds, or Grass Mixtures; for,
although they contain several good grasses, yet from the seed having been so often collected from foul and worn out
meadows, the Mixture is made up chiefly of WHITE HAY SEED, or YORKSHIRE POA (a grass well known to be the
least nutritious of all the natural grasses, and which, although bulky, is found to weigh lighter in hay than any
other), Scotch, &c., with many bad and troublesome weeds; whereas the grasses now recommended are all saved
separately, and consist of the best varieties which are well known for their feeding and mowing properties; and
from their arriving at a maturity at different periods of the season, the pasture is green nearly all the year.

Gentlemen ordering are requested to state the nature of the soil and extent of land to be sown, and whether
with or without a grain crop; also whether the different varieties are to be supplied mixed or separate. The former
is recommended, as fewer bags will be required; and our men are so much accustomed to mixing, they can do it
more perfectly, and it is considered much the best practice to sow both light and heavy seeds together.

Imported APRIL WHEAT, which may be sown to the 20th April; SCOTCH SEED OATS, CHEVILIER BARLEY,
ITALIAN RYE-GRASS, LUCERN, BUCKWHEAT, TURNIP, CARROT, MARSH, &c. The turnips are saved from
large selected bulbs, chiefly by ourselves, and are guaranteed free from the adulterations now so much practised to
cheaper sales.

Free Delivery. All parcels of Seeds above £2 value, except grain and vetches, delivered free at the Railway
Stations. Catalogues and Prices free by Post on application.

WILLIAM DRUMMOND AND SONS,

58, DAWSON-STREET, DUBLIN, AND STIRLING, SCOTLAND.
