MENT IS POSSEBLE.

SIR HCRACE PLUNKETT ON AMERICA AS A HINDRANCE OR A HELP.

Ct Ill iforace Plunkett told me on Tues-S day, a few hours after his return Noth America, that he felt convinced even trisk difficulty could be brought about that would be acceptable to freinnd, satisfactory to Great Erstain and the Colone, and agreeable to the United States. lieves this is possible (writes Warren Kenny in an important exclusive inter-The Chairman of the Irish Convention of that Parliament." was not granting interviews, but he interview of the Government's apparent interview at present, do you think they la was proceeding quietly with his work not lead to settlement?" as if it had never been interrupted by a Government could be helped to approach State. And one noted with splishedian that his health was quite restored, that

the old energy and constructive enthustate had come back, He swung round alertly and concenmeasure, and there was no straying from the main purpose, I record the conversetion verbatim.

Bill?" I bred. "I do not think," was the frank re-"that the Homo Rule Bill has anything to say to frishmen. It is really only to Englishmen that it is worth saying anything in regard to it, because in Ireland the minds of the people are made Ji anoda qu "But the Government have apparently

determined to impose it?" If they are going to enforce it, if we are not going to govern ourselves but merely to be governed by military force, it seems to me irrelevant to discuss particular forms of government that the military are going to impose upon us?"

A MONROE DOCTRINE TOWARDS IRELAND. "What do you think of Mr. de Valera's suggestion that Britain should

treat Ireland as the United States has treased Calca?" "That does not help if there is any relevance in the military difficulty at ail. While Culst has some military importance to the United States you cannot compare it with the military importance of Ireland to England and equally of England to Ire-I mean, as a geographical question that the analogy is hardly helpful to

me at all. In reply to further questions, Sir Horace continued; "Until the military are withdrawn from Ireland, it is not a political settlement. In the present difficulty the policy of imposing the Home Rule Bill would be full of danger. I do not think

> THE INITIATIVE TOWARDS SETTLEMENT,

"But some one must take the initiative now that a constitutional solution of the to bring about agreement, granted such agreement to be possible, on the lines you have just outlined."

"The initiative," said Sir Horace, "must be taken by the Government, be-He official the means by which he be- cause all power resides at present in the Imperial Parliament, and constitutionally that power can only be delegated where it henny in this week's "National News.") properly belongs by the voluntary action

the matter. This meeting was attended by Rev. J. A. O'Meehan, B.D., C.C., Raboon (who presided), Mr. L. E. O'Dea, soir.; Mr. J. him at Plunkett House immersed in an will be likely so to after their course as some of the of correspondence, sur- to bring about a real and lasting settlepounded by secretaries and officials, but ment instead of imposing an Act that will P. O'Neiti, boot manufacturer; Professor T. O'Maille, Mr. O. K. Kyne, Headford, and Mr. M. Molloy, bootmaker.

"I think," answered Sir Horace, "the a settlement that would succeed. The first thing is to make the definite offer to a body, democratically elected and representative of the whole people, of any constitution within the Empire which fultrated on non. What followed was a dis-trated on non. What followed was a dis-trated on the than an interview; and as a tred of the Empire; (2), The local congreet rentence attered had a definite trol of purely local affairs by any homogeneous minority which demands it—in other words, to follow the precedent of Canada. I believe the constituent as-"What do you think of the Home Rule sentily which would meet to decide the constitution should be settled on the proportional representation system; and it would be futile to ask it to come together unless there was a binding undertaking that anything agreed to by it within the terms I have named should be given legis-

lative effect to." "Would not the introduction of this question of local control resurrect the Partation bogy, which held up the Government of Ireland Act in 1914, and is one of the primary defects in the present Bill?" "That would certainly not mean partition," said Sir Horace, "It includes only partition in the sense that Canada is partitioned. I do not call it partition.
The Canadians do not feel that Canada is portitioned in national affairs. There is

would there be any question of Irish unity in Ireland if the Canadian precedent were fellowed." "Despite the admitted difficulties of the moment then, you believe that a constitutional settlement could be brought about."

no question of Canadian unity, nor

Sir Horace answered with conviction. "I have no doubt about it at all myself," he said. 'I believe it can be done on the lines mentioned."

OPINION IN AMERICA.

"Do you regard the position of affairs and he knew of several wealthy wards a settlement or as a hindranes to traders and merchants in Galway who wards a settlement or as a hindrance to
