THE MURDER OF CONSTABLE DUNNE.

The remains of Constable Edward Dunne, who was murdered at Timolengue on Monday last, reached Maryborough by rail at three o'clock on Wednesday, and were conveyed to the Roman Catholic parish church where they remained till Thursday. At twol o clock the funera took place to Raheen. The coffin was pre-ceded by a large body of the military stationed at Maryborough, while a body of constabulary marched at either side of the hearte; these were followed by a party of the Comrades of the War-exervice men-and an immense concourse of the general public. The deceased constable was known to many people of the locality as he is a native of the town, and a bro ther resides within a couple of miles of Maryborough, and his sister lives in the town. The sympathy of a large number of friends was evidenced by the attendance at the funeral.

The chief mourners were ... Mrs. Dunne wife; Mrs. Cushion, ninter; - Dunne,

Injuring a Fence.

John Bermingham, Castlefarm, som-moned Kate Bolger, Killeen, for injuring his fence,

The complainant said he found the defendant cutting his fence-ash trees about four inches in diameter. The trees were growing in a laneway, and were providing

shriter for his eattle.

The d elendant gave an undertaking not to tut any more trees or give any trouble, and, taking into consideration the undertaking she had given, they would only fine her 1d and 6d compensation and the costs of court, which would be 7s.

At Abbeyleix petty sessions an Satur-day, before Messra. M. Hornibrook, R.M., presiding; Sir E. Poe, Mr. H. Bland and Mr. H. C. FitzHerbert, the only case to be dealt with was a charge of abusive and threatening language be tween farmers named Patrick Foyle and Michael Murphy, and a claim for com-pensation by Foyle against Ml. Murphy, junr, for damage to a gate. The applica-tions to bind litigants to the peace were refused. Young Murphy was fined 5s, and ordered to pay 10s, compensation to Foyle for the damage to the gate.

Mr. Dooley--I asked that Nurse Collins' original letter be read, and it was not

read. Nurse Collina is bringing the whole thing around her own heels, and if she wants to follow it up it is all right. Mr. Plewman said he looked upon the case with great gravity. The nurse says she did not receive money, and the guar-

dien said she did. Mr. Dooley said he would be satisfied to have the case drop. He admitted that they were soldiers' wives, and about paying was only in answer to Nurse Collins statement that she received no money. He wished to let it drop, but that minute was

The Clerk said he had no objection in the least to change the minute. The letter Mr. Duoley referred to was read at the meeting before. The Clerk then read the letters referred

The Chairman said he would not cancel the tickets.

Mr. Fennell said the whole thing arose over the fact that Mr. Dooley wanted his explanation to be given in conjunction with Nurse Collins' letter, which was read

at the previous meeting.

The Clerk road the following letter from the Local Government Board. With reference to the entry on the subject in minutes of proceedings of the Board of Guar-dianaof Athy Union on the 218h ult., the Local Government Board desire to point out that the acceptance by Miss Collins, midwife of the Athy dispensary district, of fees of 1ts, and 10s, for signing the ne-cessary certificates to enable the maternity benefit to be claimed under the Na-tional Health Insurance Acts in two cases in which medical relief tickets had been presented to her, is tantamount to the accuptance of fees for professional services rendered to patients in pursuance of the cure. It penetrates to the actual seat medical relief tickets. The Local Govern of the complaint, and has completely ment Böard consider that a dispensary midwife should not demand nor accept a higher fee than 2s. 6d at the utmost for dered hopeless. If your Chemist does signing the maternity benefit certificate, i not yet stock 'Sour lal' do not accept and Miss Codina should refund the difference to the patients mentioned in the min
for a supply direct to the 'Sourdal' utes. The Board must warn Miss Collins that they will take serious notice of any further instance in which she may accept or demand an extertionate fee for this service in a dispensery midwifery case.

Nurse Collins, who was in attendance, was called before the guardians, and the letter was read for her. She said in any other places she was in the patients gave her ba. for the certificates. Here in Athy she never asked a fee. One of these women engaged a private nurse at a feet of £1, and when she could not get her she

came to her (Nurse Collins).

Mr. Fennell said it appeared this was the first time the Local Government Board made any pronouncement on the question of fees. They had left it in the air as the Covernment had left many a thing.

Dr. John L. Kilbride, who was present, said he interviewed the two women. Both

said they were satisfied with the nurse's attendance both during their confinement and at her subsequent visits. The question of money was for the certification. Both women stated that the nurse never asked for money. He thought the letter from the Local Government Board was not fair to the nurse, as there was no question of extertion.

The Chairman and Mr. Plewman said the letter of the Local Government Board was not justified, and the Clerk was directed to draft a minute embodying this

The Chaplain's Salary.

Writing with reference to the guardians' proposal to increase the salary of Archdeacon Johnston from £30 to £50, the Lotal Government Board stated that the salary in unions such as Athy was £40 per

year, which they would sanction.

The Clerk and Chairman said the Archdescon had asked them to thank the board for their generosity.

DONKEY RACES AND SPORTS.

A most important item that should claim public attention and universal condemnation is cruelty to animals. God made us masters of the animals, but he did not make us their tyrants and oppressors. He gave them their gentleness, their docility, their will to serve us, and we, in return, should not indict suffering on His poors dumb creatures. Of all others, the ass comes in for most abuse; people look upon Mr. O'Brien...When we were unanimous in giving the doctors the rise. I propose that it be sent before the Local Government Board again, or any higher authority of the Board established.

Clerk...The only way to deal with it is by notice of motion or putting it on the agenda.

Ordered to be placed as the classic of the board also has a motion of putting it on the agenda. bim as an ignorant, useless creature, near future, we hope, through the extection Society, this much abused, most putient of animals will be treated at his true worth, that he will get proper and regular food, and instead of "Get on out o' that," and rougher language, he will be greeted with words of encourest of the poor have to pay these narses more or less. I hold I was entitled to give the tickets, and I would do so again in the morning. The minute is altogether erroneous. I didn't question whether they were soldiers or labourers. If a not deration for that distinguishing mark than to make it the target for repeated than to make it the target for repeated blows. Now that so much is being done to alleviate the sufferings of this poor creature, we trust that sports committees and others having charge of surdonkey race on the programme. The unimal is unfit for racing, and consequently it is obnoxious to him, and when he does not understand, and is, therefore, unwilling, great cruelty is inflicted on him. Some people seem to think he has no feeling; just imagino what unnecessary pain is caused to the poor animal by the rider prodding him with a pin or nail. We now, therefore, join with the different societies in requesting educated men who are at the head of sporting arrangements to see that in future there will be no donkey races, and this will save the poor animal much pain.
