CARRICKMACROSS SCENE \* BLINDFOLDED MAN TIED TO SOME OF THE WEEK'S OCCUR-

On the morning of Carrickmacross fair a man was suddenly marched out and securely fastened with a rope to a telephone carried away was raided at Aboltil, and portion of the mains breast hearing the following words:—"I am a thief; I stole eggs; this is my punish man was et out. Crowds gathered around inspected the prisoner, who was vainly tryzny to effect his release. Eventually his sister, who resides in the town, liberated him, and at the time of wiring it is reported phat she has also been placed under the ported phat as he has also been placed under the ported that she has also been placed under the principal of discussion during 'the day. It is setted the Volunce reports again the proper discussion during 'the day. It is setted that Volunce reports again the proper against the spread of backwards and the form of the more of the man was town to the post of ficel are port of discussion during 'the day. It is setted that Volunce reports again the spread of backwards are possible. The parend and the form of the man was set out. The vessel of price that the form of the post of the p opic of discussion during the day. It is bested that Volunteer police guarded him for some time.

#### U.S. BUILDING HUSTLE 1,100 BRICKS PER MAN PER

At the Dunlop Rubber meeting, on Frimarkable rapidity of construction. The con- | taken." tact was placed on January 20 last; the urchouse for finished goods, a building aconstructed of ferro-concrete, comprising 6th acres of floor space, was commenced the excavation for the foundation on ane 1, and was built to its full height, posed in, and completed to the top of the arapet, so far as the structure itself was extricated himself shortly afterwards. oncerned, in forty days. The average numar of bricks laid per man per day on traight work was 1,100 (eleven hundred). he comparative speed of building operaons in this country, he said, was a sorrowal and annoying fact to contemplate.

#### DISPOSAL OF TOW FLAX-GROWERS HAVE FULL CONTROL.

The Department of Agriculture and Tecunical Instruction announce to-day that re-(Ireland) Order, 1919, have been issued. Oue of the main objects of the Regulations is to give flax-growers full control over the and scutch mill owners. Mill owners should | pension money. apply at once to the Department for new licences for the coming scutching season. There has been misunderstanding in the past between farmers and mill owners in connection with the scutching branch of the industry. The investigations of recent Departmental Committees, which inquired into the matter, have thrown much light on the subject, and have helped to clear up a numhis his miscorceptions. Seeing that the Rethen made in the interests of the Trish flax- | rifle taken. One of the raiders, after begrowing industry, it is hoped that mill dwners and farmers will loyally co-operate taking the shot-gun, walked into a small injured her spine a year ago in an Alpine

in seeing that they are observed Further information regarding disposal randum on the subject (No. 24) which can be obtained, free of charge, from the Department.
